PROFESSIONAL SUMMARY

Aspiring Java Full Stack Developer with hands-on experience building end-to-end web applications using Java, Spring Boot, HTML, CSS, JavaScript, and Oracle SQL. Completed an intensive Full Stack Developer training program and a 45-day software development internship. Demonstrates strong problem-solving skills with a focus on writing clean, efficient, and maintainable code.

TECHNICAL SKILLS

Programming Languages: Core Java

Frontend Technologies: HTML5, CSS3, JavaScript (DOM Manipulation), Bootstrap

Backend Technologies: Java, Spring Boot, JDBC (Java Database Connectivity), Hibernate

Database: Oracle SQL

Tools & IDEs: VS Code, Eclipse IDE, Git, GitHub, Figma

Concepts: RESTful Web Services, MVC Architecture, OOP, Basic UI/UX Design Principles

EXPERIENCE

Software Development Intern 2024

Mr. Cooper | Duration: 45 Days

- Contributed to full-stack development of Agri Guide, an agricultural web application using Java, Spring Boot, HTML, CSS, JavaScript, and SQL
- Developed responsive frontend components and implemented backend logic with Java and SQL database connectivity
- Collaborated with team members to improve application workflow and enhance user experience
- Participated in code reviews, debugging, and testing of web application features

PROJECTS

Agri Guide – Agricultural Assistance Platform

Java | *Spring Boot* | *HTML* | *CSS* | *JavaScript* | *Oracle SQL* | *Web*

- Developed a full-stack Java web application helping farmers make data-driven agricultural decisions by analyzing soil type, weather conditions, and land size to recommend suitable crops and fertilizers
- Built a responsive frontend using HTML, CSS, and JavaScript for data input and user interaction
- Implemented RESTful backend services with Java and Spring Boot to process agricultural data and generate intelligent recommendations
- Designed SQL database schema to store and manage user data, crop details, and product information
- Developed a product purchasing module enabling users to browse and buy agricultural products such as seeds and fertilizers

Personal Portfolio Website

HTML | *CSS* | *JavaScript* | *SQL* | *Web*

- Designed and developed a fully responsive personal portfolio website to showcase projects, skills, and professional experience
- Integrated project descriptions, technology details, screenshots, and GitHub repository links

EDUCATION

B Tech – Information Technology 2021 – 2025

SSM College of Engineering, Namakkal | CGPA: 8.00

Higher Secondary Certificate (HSC) 2020 – 2021

Sacred Heart Higher Secondary School, Selliyampatti | 82%

Secondary School Leaving Certificate (SSLC) 2018 – 2019

Government High School, Kottumaranahalli | 78%

CERTIFICATIONS & TRAINING

Java Full Stack Developer Course

Q Spiders, Marathahalli, Bangalore

- Completed comprehensive Java Full Stack Development training covering frontend, backend, and database technologies
- Built multiple web applications using HTML, CSS, JavaScript, Java, JDBC, and Spring Boot
- Gained practical experience in database integration, application development, and software best practices.
